

Green Company

Certificate

This is to certify that the company
Výzkumný ústav organických syntéz a.s.

participates in an unique project „Green Company“.

Within the scope of the project, employees of the company can use a collection box to dispose of obsolete electrical and electronic appliances, and thus participate on environment, natural resources and human health protection.

Hereby, the company is entitled to use logo “Green Company” in accordance with rules stated on the project website.

Certification issued by:

Ing. David Benes
Chairman of the Board
